COMPONENTS

OVERVIEW AND GOAL OF THE GAME
You are a trader in the Istanbul bazaar with the goal of being the first to acquire 6 rubies (5 rubies for 4 players).
You will need money and goods to purchase rubies and for this you must depend on your assistants, which are represented by the dice. The 6 icons on these dice indicate what your assistants can procure for you: Bazaar Cards, Lira, and 4 types of goods: cloth (red), fruit (yellow), spices (green), and jewelry (blue).
Each turn you will send out your 5 assistants by throwing 5 dice. With the resulting icons and your previously stored Goods Markers, you can then carry out 2 actions such as collecting and storing resources (goods, money, and crystals) or by acquiring Bazaar Cards or Mosque Tiles to provide additional income.
GAME SETUP

1. Place the game board in the center of the table with the side face up corresponding to the number of players (2 to 3 Players or 4 Players).

2. Place rubies in all of the circular fields marked with a red dot in the various ruby trade areas on the game board. Don’t use the circular fields with this mark in a 2-player game. Return any remaining rubies back to the box, as they will not be used.

3. Mix the Mosque Tiles face down, reveal 6 of them as a display, and place the rest as a face down stack.

4. Shuffle the Bazaar Cards and place them face down as a draw deck.

5. Place the Dice, Coins, Goods Markers, and Crystals ready near the game board.

6. Give each player 1 Action Summary Aid and 1 Crystal.

7. Choose a start player and give him 5 Dice and no Coins. In clockwise order from the start player each player receives 1 Coin more than the player to his right.

SEQUENCE OF PLAY

Each round players take their turn in clockwise order beginning with the start player. The game ends at the end of the round in which a player has collected a total of at least 6 rubies (5 rubies for 4 players).

Turn Summary:
1. Take income from your Mosque Tiles (if applicable). Depending on the Mosque Tile this could be 3 Lira, 1 Crystal, or 1 Bazaar Card. (See the details on the Mosque Tiles on page 6).
2. Throw the Dice.
   Normally players throw 5 Dice although Mosque Tiles may add additional dice. In this phase you can discard 1 Crystal as many times as you like to reroll as many dice as you want.
3. Carry Out Actions.
   Normally players can carry out 2 actions although Mosque Tiles may add additional actions. All available actions will be explained in the next section.
4. Pass the 5 Dice to the next player.

ACTIONS

Use the face up dice icons, your Goods Markers, and your coins to carry out your actions.

The following general rules apply:
- You can only use each die once per turn for 1 action.
- You may discard Goods Markers to use them as dice icons of the respective color.
- A brown Goods Marker can be discarded and used for any color.
- You can carry out the same action multiple times in the same turn.
- You must complete an action before you can start another.
- If you want to take Goods Markers, Crystals, or Lira and there is not enough in the general supply, then each player who owns at least 1 resource of the type required must discard 1 resource of this type back to the general supply (repeat if necessary). Then you may take your resources.

The Action Summary Player Aid gives an overview of all possible actions.

In General:
- On the left is what you must discard in order to receive what is on the right.
- On the left side you usually need the indicated dice icons, with the striped icons indicating any of the 4 types of goods. Different letters stand for different goods.

NOTE: If you are talking about “goods”, you can always use the commodity icons on the cubes as well as Goods Markers.
The following actions are available:

Discard 2 identical goods:
Take 1 Goods Marker of that color.

Discard 2 different goods:
Take 1 Crystal.

Discard 3 different goods:
Take 1 brown Goods Marker.

Discard 4 different goods:
Take 2 Goods Markers of your choice (non-brown).

Discard all coins icons rolled:
Take 2 Lira for each.

Discard as many card icons as you like:
Reveal 1 Bazaar Card from the draw deck for each card icon discarded (see page 7 for Bazaar Card details). Select and use 1 Bazaar Card and then discard all revealed Bazaar Cards to the discard pile.
If the Bazaar Card draw deck is exhausted, shuffle the discard pile and create a new draw deck.

Discard the required number of goods: Take 1 Ruby.
The type and number of goods to be discarded depends on the ruby trade areas on the game board.

Ruby trade areas for the 4 types of Goods:
The free field next to the ruby shows the required number of goods of that type.
Example: For the next ruby you must discard 5 green goods.

Ruby trade area on the left-side carpet:
Discard all goods shown on the carpet that are not covered by a ruby.
Example: For the next ruby you must discard 1 of each type of good plus any 2 goods of your choice.

Ruby trade area on the right-side carpet:
Discard the number of Lira shown in the open field beside the next available ruby. Take 1 Ruby.
Example: For the next ruby you must discard 14 Lira.
GAME END
As soon as any player has collected at least 6 rubies (5 rubies with 4 players), complete the current round so that each player has an equal number of turns and then end the game. The player with the most rubies wins.
If there is a tie, the tied players sell their Goods Markers for 3 Lira each and their Crystals for 2 Lira each and add them to their saved Lira. The tied player with the most Lira wins. If there is still a tie, the tied players with the most Lira share the victory.

MOSQUE TILES
Mosque Tiles offer a lasting advantage until the end of the game. You may have more than one Mosque Tile of the same type.
You may not use the ability shown on your Mosque Tile until the beginning of your next turn.

There are the following types of Mosque Tiles:
- **Take 3 Lira** at the beginning of your turn.
- **Take 1 Crystal** at the beginning of your turn.
- **Reveal 1 Bazaar Card** at the beginning of your turn, carry out the action, and discard it.
- **You may carry out 1 additional action** on your turn.
- **When you carry out the action “Take Lira”, take 1 Goods Marker** of the displayed color.
- **Take 1 Die** when you acquire this Tile. Beginning with your next turn, add this die to your roll each turn.
